Summary

Motivated and results-driven B.Sc. IT student with a passion for crafting visually appealing and highly functional websites.

I specialize in **front-end web development**, leveraging strong skills in **HTML, CSS, and JavaScript** to build modern, responsive interfaces. With a keen eye for **creative design**, I'm dedicated to solving complex problems and creating user-friendly digital experiences that look great on any device.

This version is more dynamic because it starts with strong action words like "Motivated" and "results-driven." It also specifies your specialty ("front-end web development") and uses phrases that demonstrate impact, like "crafting visually appealing" and "creating user-friendly digital experiences."

Education

Bachelor of Science in Information Technology

[Pillai College of Arts Commerce and Science] | Navi Mumbai, Maharashtra

Estimated Graduation: 2026 | Expected Year: Third Year (TY)

Skills

- * Web Technologies: HTML5, CSS3, JavaScript
- * Design & UI: Creative Design Principles, Responsive Design
- * Tools & Platforms: VS Code, Git, GitHub
- * Other: Problem Solving, Team Collaboration

Projects

Codsoft Portfolio Website

* A personal portfolio website created during the Codsoft Web Development Internship to showcase skills and projects.

* **Technologies:** HTML, CSS, JavaScript

* **Key Features:**

Responsive Design: Designed and developed a mobile-first, responsive website using CSS3 Flexbox to ensure a seamless user experience on all devices.

Clean and Modern UI: Created a visually appealing and user-friendly interface with a minimalist design, modern typography, and a professional color palette.

Interactive Functionality: Implemented smooth-scrolling navigation using JavaScript to provide an engaging and intuitive user experience.

Code Organization: Managed the entire project workflow using Git and GitHub, ensuring version control and organized code management.
